VOL. 8. M'KINNEY, TEXAS, THURSDAY, JUNE 25, 1891. NO. 20.

We'll write it down till everybody sees it
Till everybody is sick of seeing it
Till everybody knows it without seeing it—
that Dr. Sage's Catarrh Remedy cures the worst cases of chronic catarrh in the head, catarrhal headache, and "cold in the head."

In perfect faith, its makers, the World's Dispensary Medical Association of Buffalo, N. Y., offers to pay $500 to any one suffering from chronic catarrh in the head whom they cannot cure.

Now if the conditions were reversed—if they asked you to pay $500 for a positive cure you might hesitate. Here are reputable men, with years of honorable dealing; thousands of dollars and a great name at stake of them and they say—We can cure you because we've cured thousands like you—if we can't we'll pay you $500 for the knowledge that there's one whom we can't cure."

They believe in themselves. Is it worth a trial? Isn't a trial preferable to catarrh?

A STRONG LETTER.

Impatient for a New Party—The Conservative Course of Our Paper Not Endorsed.

Waycross, Ga., May 23—Messrs. Brown & Gantt, Dear Sirs and Brethren:—I have been a silent reader of half dozen Alliance papers, besides two of the leading papers of the two old parties, for more than a year, in fact, ever since the Alliance was first started; have kept myself posted on its progress, but have kept silent until now. I can remain quiet no longer, and I kindly ask you for space in the Southern Alliance Farmer, for a few questions which I hope you will answer fully and fairly. You say the farmers of the South do not want a third party. I want to know why? Can we hope for anything from the democratic party when we know it is controlled by plutocrats as much as the republicans? You say the nomination of Cleveland will not do? Why will the nomination of any democrat do any better? The free coinage of silver or tariff reform will not bring us relief. They are not a drop in the bucket compared with the money question and should be consigned along with "bloody shirt," "race problem," and other political scarecrows, to an everlasting grave in the valley of oblivion. The free coinage of silver may give us a few more dollars in our circulating medium for a while, but will it solve the money question? Will it give us a pliable currency. Will it give us any permanent relief, How long will it be until the Wall street kings will have silver cornered the same as they have gold? Do you expect the democratic party to endorse the St. Louis and Ocala platforms? Do you still hope that they will adopt the subtreasury? Do you still hope for them to advise a better measure? And if they do, how about the control or ownership of the transportation companies? Suppose we succeed in forcing the old party into our service, what can we expect but a betrayal upon the first opportunity? The western brethern are ready to clasp hands with us; they are calling earnestly and loudly for us to enlist under the same banner and fight our battles to the finish side by side, while you and the rest of our leaders are offering us an old rotton banner. A banner of filth and corruption; a banner besmirched and smeared with Wall street knavery and political demagoguery. You say to cover up its rotton places and filthy looks with Alliance mottoes and it will answer very well and that we will have no need of a new one. You say our western brethern might hesitate a little about enlisting under such a banner: Great heavens! Is it possible that you have no better opinion of the western character than that? What have they to gain by enlisting under the democratic patched up old rag? They already have a new banner representing all our principles and will have none of your democracy a bit more than they will go back under republican control. They realize that both parties are controlled by plutocrats and it is the merest folly for our leaders of the South to try to force a party so utterly repugnant to them down their necks, I have been there and know what I am talking about when I say that thousands of them would suffer martyrdom rather than to be forced into the democratic party, and now that they have cut loose from it they would resist, with equal force, the yoke of republicanism. They are terribly and deeply in earnest and if we expect to work with them, we have got to meet them under an entirely new banner.

But I read on a little farther in your article, and I find you say: "Why, before such a coalition, (meaning a combination) democrat and Alliance tickets the republican voters would go down like grain before the scythe of the harvester." Is that the height of your ambition? Is that the extent of your reform principles? If it is, you are not the man I took you to be. Suppose the West was to say to the South, let us combine with the republicans, etc., and the democratic voters will go down before such a combination like grain before the scythe. Wouldn't that be a beautiful combination to offer us, and wouldn't we hesitate, just a little wee mite about accepting it? Why not practice what you preach and bury sectionalism and prejudice, and accept the only fair combination—the new third party? You say the "Georgia farmers do not want a new party, for they were born and bred in the democratic fold," Heavens, what a weighty reason! Is that your way of burying sectionalism and prejudice? If so, how long do you think you will be in getting the job accomplished? The Georgia farmers do want a third party, and you are simply mistaken when you say otherwise; our leaders have held us back and prevented us taking any part in organizing the third party, but I tell you it is time to not look out. We'll bear patiently with you awhile longer, but if you will not represent our sentiments in this respect we will brush you aside and go to our right position in the great political battle, in spite of you, leaving you in the democratic ranks, where you seem so persistent in staying. The idea of trying to make us fight our battles by staying in the enemy's camp, while our friends are using every effort in their power to induce us to take our places in the ranks of the great reform army that is now gathering for the contest that must be fought out in 1892; it is really amazing that any one can, for a moment, harbor such a thought, and equally as amazing to think you will so unthoughtedly advocate waiting until the battle is in full force, and then deserting to the new party. Surely you already know that all the allegiance that we can ever get out of the old party is forced allegiance. Surely you know that western men will not accept such a combination as you suggest. No! no? We do want a third party, and what is more we are going to have it. We are not so impetuous, perhaps as our western brethren, but we are just as deeply in earnest. We mean measures, not men; we mean principles, not sentiment, and it is time our leaders were realizing just what we mean. Now is the time for action, and we will not be put off until it is too late and the battle is virtually won by our enemies.

Dear brethren, I have written this to you, personally, but it is meant for all our leaders. You only represent the conservatism of the whole body of leaders throughout the South, and as one of the many laymen in the cause who has taken extraordinary pains to inform himself. I wish by this means to sound a note of warning, that we, the common people, do not intend to be held apart by mere sentiments any longer, but the people of the North, South, East and West are going to unite, and unite now upon the only plan that will take us all in, viz: "The People's Party of the United States." If you wish to retain your position, you must strike while the iron is hot. We propose to give you until next February to decide in our favor, although you do not deserve another day of grace, and then if you still refuse, beware of the result. I have kept still and watched events silently thinking much and saying little; my patience is almost exhausted and I am glad to say that thousands of others are doing as I have done, but we will not be still much longer.

I have used strong language and tried to talk to the point. What I have said is meant in kindness. I do not condemn you more than any one else who has been trying to smother the new party, but I do think all our leaders should know how deeply some of us, at least, feel in regard to this matter. and I hope you will give this letter space in your paper, with such comment as you may be disposed to make. Would like to know how you propose to get around the questions I have asked, as perhaps if they were answered fairly and squarely I would not be quite so impatient for a new party.

Your fraternally,
S. L. BISHOP,
In Atlanta Alliance Farmer.

Letter From Gen. McCullough.

Editor Mercury:—It has been a month since I left Corpus Christi. I have had an opportunity to see something of the growing crops and the improvements of the town and country. Although my progress has been comparatively slow, I have kept in advance of the season, which has been clearly demonstrated by the growing crops. The corn is not near so large here now as it was at Corpus Christi a month ago, which shows that with the same rainfall the further you go south and west the surer you are to mature a corn and cotton crop before hot, dry weather usually sets in.

The farmers everywhere pronounce the spring cold and backward. As far as I could see the prospects for crops were good, and especially so with the wheat crop from Fort Worth to Chidress in Childress county, and as I traveled from about that place to this in the night I could not see the crops, but learn that they are not so good, but reasonably fair.

All along the route from Corpus Christi to this place the towns and country are improving and the immediate future of our state is promising if our public affairs are properly managed and a sufficient amount of money can be produced and put into circulation by any honest and fair means to transact the business of the country; and while I do not believe I am a moral or physical coward, I confess that I have my fears about these matters. There never was a time within my recollection when the public mind was so completely aroused as it is at present, and when there was such strong disposition to rebel against "bossism" and corrupt leadership, and it is becoming more intense every day. And while the underlying causes which create and justify the demands of the agricultural, mechanical and laboring classes who are forcing themselves to be properly considered by the true patriots of the country, they are attracting the attention of the sharp, designing, corrupt demagogues, who are watching their drift with selfish care with the view of taking the lead. And as many of the truly patriotic men, who love their country, have given little or no attention to the management of political campaigns, there is great danger of our falling into the hands of this class of men in the future as we have but recently done in the past, and I would respectfully suggest that probably the safest course to pursue is to put up no man who seeks leadership for personal agrandizement; to select no man whose moral character is not pure, or who has ever been charged with or suspected of financial crookedness, either in private or public life.

HENRY E. MCCOLLOUGH.

New York City, June 18—The executive committee of the western silver association will meet at the Hoffman house tomorrow morning to discuss free coinage. All the members of the committee are here except the chairman, Gen. Warner, who is expected to arrive this morning.

A Prodigal Daughter.

[Lines suggested by a letter published in the News of June 12, entitled, "A Wail from a Mother's Heart."]

In the spring time of youth, in life's early morning,
When the blossoms were blowing from the old apple trees,
And wistera vines with their purple adorning
Were wooing the zephyrs and rich yellow bees.
The prodigal came to the home of his leaving,
Where he played in the daisies a light-hearted boy,
And they welcomed him back with the tears of receiving,
And twining affection, and murmurs of joy.
When the cold winds of winter were sighing so dreary
Around the old house by the murmuring shore,
The prodigal daughter, all tired and weary,
Crept back to the home of her girlhood once more,
But they turned her away, o'er the moorland so lonely,
And the winds of despair moaned wild through her breast,
And death was her refuge, aye that, and that only,
For the prodigal daughter alas has no rest!

FOUND DEAD.

The Body of a Stranger Found Near Black Jack.

Jomes Blassingame returned from Black Jack Friday evening and informed the Herald that the body of an unknown man was found one mile west of that place on the East Line Friday morning. The deceased had been drinking heavily in Black Jack for two or three days, and a bottle of whiskey was found on the body. There were no marks of violence, and the supposition was that the man had been killed by lightening or died from excessive drink. The coroner was holding an inquest when Mr. Blassingame left.

LATER—It is learned that the name of the deceased was John Whitney.—Greenville Herald.

Good News!

No one, who is willing to adopt the right course, need be long afflicted with boils, carbuncles, pimples, or other cutaneous eruptions. These are the results of Nature's efforts to expel poisonous and effete matter from the blood, and show plainly that the system is ridding itself through the skin of impurities which it was the legitimate work of the liver and kidneys to remove. To restore these organs to their proper functions, Ayer's Sarsaparilla is the medicine required. That no other blood-purifier can compare with it, thousands testify who have gained

Freedom

from the tyranny of depraved blood by the use of this medicine.

"For nine years I was afflicted with a skin disease that did not yield to any remedy until a friend advised me to try Ayer's Sarsaparilla. With the use of this medicine the complaint disappeared. It is my belief that no other blood medicine could have effected so rapid and complete a cure."—Andres D. Garcia, C. Victoria, Tamaulipas, Mexico.

"My face, for years, was covered with pimples and humors, for which I could find no remedy till I began to take Ayer's Sarsaparilla. Three bottles of this great blood medicine effected a thorough cure. I confidently recommend it to all suffering from similar troubles."—M. Parker, Concord, Vt.

The following from the Southern Alliance Farmer (Atlanta) has the true ring:

This little paper is now being maligned, villified and ridiculed by the entire partisan press of Georgia. If we noticed all of their insults and attacks, we would have no room for any other reading matter. The defendant of every great cause must expect to submit to persecution. We will not be driven from our post of duty, or desert the cause of the sons of toil. We defy any one to point to a single word of abuse, slander or villification that has ever appeared in our columns against an opponent. We fight the Alliance battles with argument and truth, and deal not in epithets. If we unintentionally wrong any one, there is no living man more ready to do what is honorable and right. In defense of party and people, we have stood many sieges of villification and threats, and have never as yet lowered our flag. We are now defending the grandest and noblest cause ever undertaken by mortal man—the righting of the wrongs of our oppressed and down trodden farmers. We are enlisted to the end and say to the foes "Lay on Macduff, and damned be he who first cries, hold! enough!"

G. W. Russel, from Northeast of McKinney brought us a cotton boll last Sunday. He says that he planted his cotton the last of March. He is a firm believer in early planting.

BRIGHT'S DISEASE.

Why will anyone with weak kidneys continue to suffer!

Of all insidious ailments there is none more certain of deadly effect, if neglected, than Bright's Disease. Thousands who suffer from this disease do not even know they are affected. It comes upon a person slowly but surely, like a thief in the night. It has no symptoms peculiarly its own, but its effect is indicated by symptoms that might be traced to other causes. The fluids of the body vary in color from light to dark, and if left standing assume a cloudy appearance and deposit a sediment that may be either red or white. Frequently there is a pain about the loins, under the left shoulder, or in the small of the back. The victim feels listless and drowsy, is easily fatigued, and usually of a gloomy and melancholy disposition. The

WEAK KIDNEYS

kidneys are always diseased, in fact, Bright's Disease is to the kidneys what consumption is to the lungs. The kidneys become ulcerated and waste away. Unable to properly perform their function, the kidneys become inactive and every function of the body suffers. Great weakness and emaciation follows. A state of impoverishment of the blood sets in and the end is complete exhaustion. To check this decay of the kidneys, to infuse renewed strength, and to aid the recuperative tendencies of Nature, no remedy acts so kindly and harmoniously as Dr. John Bull's Sarsaparilla. Sufferers from Bright's Disease given up by their friends and physicians to die have found safety in this remedy and by its use been restored to health and physical vigor. Edward M. Mays, Augusta, Ky., writes: "I was dying from weakness of the kidneys. My doctor said it was Bright's disease, and that there was no hope of recovery. I was very pale, weak, languid and thin when I

MADE STRONG.

began to use Dr. Bull's Sarsaparilla. The change it made in me in three months is simply wonderful. I gained in flesh. My urine became clear and gave me no pain. My digestion and appetite became good. My cheeks and complexion assumed the rich color of health. I became strong, and in fact never felt better in my life than I do now. I believe I owe my continued existence to Bull's Sarsaparilla."

On with the campaign of education

Time changes also politicians.

Davis the slayer of B. C. Evans will be hung at Fort Worth on the 10th of August.

There is a political upheaval in Mississippi over the subtreasury question.

McKinley has been nominated by the republicans as candidate for governor of Ohio. Campbell the present governor will likely be renominated by the democrats of that state.

The capitalist with a dignified air advises the farmer to raise something to sell in order to get money. We would advise the money king to pay the farmer sufficient to encourage him to "raise something to sell". There is plenty raised but not enough paid for the production.

No man, not even a "Cross Timbers Democrat," will be allowed to sit on a log or box this summer and whittle and talk politics, unless he has read up on the pending political issues. Even the bootblacks hallo "chestnuts" at a man who cusses both, and yet offers no substitute for the sub-treasury or the Gibbs bill. No man is entitled to a hearing who don't in joint debate, and in the beginning of his speech, present equally as specific a measure. If a man is snare enough to know that the sub-treasury won't do he ought to be snare enough to propose a measure that will be an improvement. The campaign of education will shut out negative statesmen.—Fort Worth Gazette.

Rev. Purtle will preach the funeral of Mrs. H. L. Sides, deceased on Sunday, July 5, at New Methodist chuurch near the home of Mr. H. L. Sides, about 11 miles east of McKinney, A large attendence is expected as the last one had a great many friends.

From J. W. Bailey.

J. Y. Brooks, Esq, Nevada, Texas, My dear sir.—Your postal card dated at McKinney is to hand. It is true that my physicians have advised me against public speaking this summer, but I have determined to disregard their advice, at least to the extent of fulfilling my appointment for the joint discussion with Dr. McCune at your encampment on July 24th.

Yours very truly,
J. W. BAILEY,
Gainesville, Tex., June 22, '91.

George L. Clark.

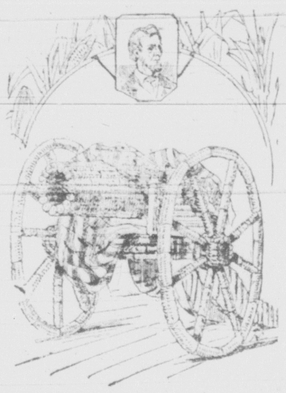
At Wylie.

Bro. Clark met a large and enthusiastic audience here on the 10th inst. In a careful, well-defined manner he developed the sub-treasury plan as held by Alliance men. Many who hitherto had doubts about its feasibility and constitutionality have become its strongest supporters. Bro Clark handled his subject well.

The Time Draws Near.

THE BOYS ARE HUSTLING.

The News Spreading Far and Wide.



A few months ago when the subject of the Alliance camp-meeting was first sprung it was only intended as a big county love feast.

Today from the reports received it promises to be a state affair. From every part of the campass comes cheering reports of the numbers to be present.

The committee on selection of grounds met last Monday and selected Willis Dowell's pasture 2 miles S. W., of McKinney, on the Lebanon road. There is 200 hundred acres in the pasture and a beautiful grove, which will furnish plenty of room and shade. There is an abundance of water. Mr. Dowell kindly gave full privilege, including plenty of wood for campers.

O. D. Winn on committee of arrangements informs us that the ice will cost $10 or $12 per day. Lumber for seats $140. Barrels for water $12 or $15. Considerable will be required to pay for teams to haul ice, water and etc. Some expense can be saved if those who meet the committee to prepare the grounds on Monday, July 6th, will bring barrels and leave them until the meeting is over.

Bread can be purchased at 4 cents per pound. Our brethren can see that when they consider the cost of speakers in connection with the above the amount will be no little item and it will require energy and liberality to meet it. Let everybody work like beavers for final success, which at present is so promising.

Notice.

The following named Alliances are urgently requested to meet the committee of arrangement on Monday the 6th of July at Willis Dowell's pasture 2 miles Southwest, of McKinney on Lebanon road:

Walnut Grove, White's Grove, Bloomsdale, New Hope, McKinney, Bishop, Rowlett, Willow Springs, and Wetsel, also everybody in the community are solicited to come and aid in preparing the grounds. Bring axes and brush scythes.

J. G. Williams,
Chairman com.

Notice to the Alliance.

All those donating stock will please deliver to Wm. Allen butcher on Monday 20th or Tuesday 21st of July, who will receive it and place in his pasture just one mile south of the square of McKinney, on the Dallas road. Mr. Allen will do the butchering for the camp-meeting. Brethren be liberal and bring plenty. Thousands will be there to consume it.

Respt'ly,
J. G. Williams,
Chairman com. arrangements.

Resolved, that Walnut Grove Alliance No. 431 favors the committee on program for the encampment, to extend a general invitation to the citizens of McKinney to join in the march from McKinney to the encampment.

Resolved, that these resolution be sent to the McKinney DEMOCRAT for publication.

Notice.

To the Alliance fraternity and all that are thinking of killing fresh meats to take to the encampment to be barbecued on the ground: In view of the fact that the weather will be very warm it will almost be impossible to keep it from spoiling therefore, the committee request all that intend bringing such meats to distribute among yourselves and cook at home. Any meats cooked on the ground should be taken on foot. Sub Alliances that have ordered banners through me will be expected to make and furnish their own flag poles. Poles should not be shorter than eleven feet in length.

The Upworth League.

Last Sunday night at usual hour of service, the Methodist Epworth League was addressed by Capt. F. H. Welch. The address was unique and interesting, and characteristic of the man.

He gave a bird's eye view of the rise and progress of Methodism from the birth of its grand-mother 'till the election of Bishop Fitzgerald in 1890.

He said Methodism is "Christianity in earnest" and "Relinion on fire," and had come to stay. Already it had sung religion all around the globe and was still singing. That there is not a single Methodist church in the United States without a pastor and no pastor without a church. He regretted that the singing is not now what it was.

The preacher used to line the hymn and all joined in it and sang lustily. The hymn selected was not a light, and trashy Sunday school ditty, but one from the pen of Jno. or Chas. Wesley, full of harmony and reeking with melody and pathos. Singing was then effective People got religion during the song and got it right. Not so now. He would give a peck of apples to any convert made during the organ performance as we now generally have it, He had often heard the pastor or pain ear and agony of heart call out, "Last stanza." The addres was well received and did good.

Hon. W V. Lucas, Ex State Auditor of Iowa, says: "I have used Chamberlain's Cough Remedy in my family and have no hesitation in saying it is an excellent remedy. I believe all that is claimed for it. Persons afflicted by a cough or cold will find it a friend." There is no danger from whooping cough when this remedy is freely given. 50 cent bottles for sale by Bristol Bros.

Labor Demands.

Editor Democrat.

As there are a great many, who are opposed to the Knights of Labor, I thought that I would give them the preamable of the K. of L., and let them see the objectionable parts of their declaration of purposes if there is any.

"The alarming development and aggressiveness of great capitalists and corporations, unless checked, will inevitably lead to the panperization and hopelesss degradation of the toiling masses.

"It is imperative, if we desire to enjoy the full blessings of life, that a check be placed upon unjust accummulation, and the power for evil of aggregated wealth.

"This much desired object can be accomplished only by the united efforts of those who obey the divine injunction, in the sweat of thy face shalt thou eat bread. Therefore, we have formed the order of the Knights of Labor, for the purpose of organizing and directing the power of the industrial masses, not as a political party, for it is more in it are crystalized sentiments and measures for the benefit for the whole people; but it should be borne in mind, when exercising the right of suffrage, that most of the objects here in set forth that can only be obtained through legislation, and that it is the duty of all to assist in nominating and supporting with their votes only such candidates as will pledge their support to those measures, regardless of party, but no one shall, however, be compelled to vote with the majority. Calling upon all who believe in securing "the greatest good to the greatest number", to join and assist us, we declare to the world that our aims are:

1. To make industrial and moral worth, not wealth, the true standard of individual and national greatness.

2. To secure to the workers the full enjoyment of the wealth they create; sufficient leisure, in which to develop their intellectual, moral and social faculties; all of the benefits, recreation and pleasures of associations, in a word, to enable them to share in the gains and honors of advancing civilization.

In order to secure these results, we demand at the hands of the states.

3. The establishment of Bureaus of Labor statistics, that we may arrive at a correct knowledge of the educational, moral and financial condition of the laboring masses.

4. That the public land, the heritage of the people, be reserved for actual settlers—not another acre for railroads or speculators; and that all lands now held for speculative purposes to be taxed to their full value.

5. The abrogation of all laws that do not bear equally upon capital and labor, and the removal of unjust technicalities, delays and discriminations in the administration of justice.

6. The adoption of measures providing for the health and safety of those engaged in mining, manufacturing and building industries, and for indemninfication to those engaged therein for injuries received through lack of necessary safeguards.

7. The recognition, by incorporation of trades, unions, orders, and such other association as may be organized by the working masses to improve their condition and protect their rights.

8. The enactment of laws to compel corporations to pay their employees weekly, in lawful money, for the labors of the preceeding week, and giving the mechanics and laborers a first lien upon the product of their labor to the extent of their full wages.

9. The abolition of the contract system on national, state and municipal works.

10. The enactment of laws providing for arbitration between employers and employed, and to enforce the division of the arbitrators.

11. The prohibition by law of the employment of children under fifteen years of age in workshops, mines and factories.

12. To prohibit the hiring out of convict labor.

13. That a graduated income tax be levied, and we demand at the hand of congress.

14. The establishment of a national monetary system, in which a circulating medium in necessary quantity shall issue direct to the people, without the intervention of banks; that all the national issue shall be full legal tender in payments of all debts, public and private; and that the government shall not guarantee or recognize any private banks, or create any banking corporation.

15. That interest bearing bonds, bills of credit or notes shall never be issued by the government, but that, when need arises, the emergency shall be met by issue of legal tender, non-interest bearing money.

16. That the importation of foreign labor under contract be prohibited.

17. That in connection with the post office, the government shall organize financial exchanges, safe deposits and facilties for deposits of the sayings of the people in small sums.

18. That the government shall obtain possession by purchase, under the right of eminent domain, of all telegraphs, telephones and railroads, and that hereafter, no charter or license be issued to any corporation for construction or operation of any means of transporting intelligence, passengers or freight.

While making the foregoing demands upon the state and national government, we will endeavor to associate our own labor.

19. To establish corporative institutions, such as will tend to supersede the wage system, by the introduction of a co-operative industrial system.

20. To secure for both sexes equal pay for equal work.

21. To shorten the hours of labor by a general refusal to work for more than eight hours.

22. To persuade employers to agree to arbitrate all differences which may arise between them and their employes, in order that the bonds of sympathy between them may be strengthened and that strikes may be rendered unnecessary."

A NEWSY LETTER.

A Sad Death—The Camp-meeting.

Editor Democrat:

As we rarely eyer see anything in the columns of your excellent paper from this vicinity, and to comply with an often made promise, I come, not as a herald of a busy world with news from all sections, to instruct your many readers, but to give you a recital of local happenings here about.

The prospect for fine crops has not been better for years than at present, and while the people generally are well up with their work, and are rejoicing over the splendid rainfall last night, items of news are like "angel visits" few and far between.

Sunday school at this place is in a flourishing condition.

The literary is a thing of the past, but the young people of the community have an animated "spelling bee" every Saturday night at the school house, which tends to break the dull monotony of every day life.

Mrs. Smith, nee Miss Tollie Wilson, who has been visiting friends and relatives in the community for the past few days has returned home in McKinney.

Misses Blanche Obenshain and Rosa Long are visiting the family of our former postmaster J. C. Payne.

John and Miss Bessie Mallow, of New Hope, attended Sunday school at Viney yesterday.

The Rev. Mr. weaver, of McKinney, preached an able and instructive sermon to a large congregation at this place on the 2nd Saturday night, and left with the promise of visiting us again in the near future.

The windows of the school house are in a dilapidated condition, a monument to the fact that the window smasher is abroad in the land, and has left an evidence of his handiwork here. This is not the first time that thing has happened, and it is hoped that the culprits will be caught and the punishment they so richly deserve be meted out to them.

DIED.—At the residence of her son, about 6 miles East of McKinney, after a brief illness, Mrs. C E. Cockrell, in the 61st year of her age. Her death was sudden but not totally unexpected. The serious nature of her illness too sadly admonished those who waited round her sick bed that dissolution was at hand. At 10 minutes after 11 o'clock Saturday night, June 21st, her spirit fled from the sorrows of earth to the joys of heaven, to encamp in fields of glory with the spirit of her soldier husband, whose life went out in the shock of battle at Franklin, Tenn., during the late civil war. Sunday eve, in the presence of a large and sympathetic crowd, her remains were quietly laid to rest in the "silent city of the dead," at Stiff's Chapel, there to rest until on the last great day, when we shall be summoned before the bar of the "Judge of the universe," to render an account of our works. The sympathies of the neighbors run out to the relatives in the dark hour of their grief.

At the trustee election at this place, Messrs. W. A. Straughan, will Bomar and Robert Reed drew the prize; hence, they will look after the interest of the "small boy" during the ensuing year.

It is learned that the Sunday school at the Chapel will give a picnic the third Saturday in July.

There is considerable interest manifested by the farmers here in the coming Alliance campmeeting. Judging from the many expressions we hear this section will be well represented upon that occasion.

Mr. Editor, you will readily see I am a novice in the reportorial line. This is my first, and no doubt, you will wish it my last. with an earnest wish for the success of your paper I am, Yours sincerely,

CAESAR.

Sad News.

Editor Democrat.

A sad death hear this morning. Little Howard Handly grand son of our Dr. Howard. Little Howard has been on a visit to his grand father and grand-mother, Dr. Howard and wife of this place, and was taken sick last Thursday with something like a conjested type of remitting fever and lived only a few days. Little Howard was a bright little five year old boy and was the ideal of Dr. Howard and wife. E. R. Handly and wife, the parents as well as Dr. Howard and wife have the sympathy of our people in giving up their brightest jewel.

A good rain last night insures a good corn crop for this section. Cotton doing well. Oats about all harvested and farmers about up with their work.

The citizens of Copeville and vicinity are contemptlating a big picnic. The net proceeds of all refreshment stand to be appropriated to the school building to be erected at this place in the near future. One notice will be given all newspapers in the county in time for publication of program for the occasion. A large crowd and a good time is anticipated.

Wayne Wyrick and wife, of Whitesboro, has been visiting relatives and friends here for the past ten days, leaves for their home today.

Johnathan Cook and wife, of Lucas, were visiting the family of J. P. Winder this week.

Nervous Prostration.

The symptoms begin in spring and early summer. They resemble the symptoms of malaria very closely. It is a prolific source of paralysis, sunstroke, applexy, insanity, hysteria and insomnia. The strong and weak of both sexes are alike its victims. Creeping rigors, slight, chilly feelings and cold sweat, especially at night, tired feelings, drowsiness, mental confusion, despondency, morbid fear, pale abundant urine, weak back and palpitation. No one who has any or all of the above symtoms should neglect to get Peruna and use it faithfully until they entirely disappear. It is a perfect remedy for this condition. As the hot weather, with all of its depressing effects approaches, Pe-ru-na invigorates and tones up the nervous system, averting nervous prostration in all of its various forms; and, taken in the most advanced stages of the disease, will permanently cure every uncomplicated case. It is foolish and dangerous to be without this never failing remedy at a time when every one is exposed to such serious liabilities. A valuable book on nervous prostration and diseases of hot weather sent free to any address by The Peruna Medicine Company, Columbus, Ohio.

Our town is fully alive. Some of our merchants are turning Alliance. I see them out with the reaper and separator working like nice boys.

Our town was made glad a few days ago by the arrival of Miss Nellie Griffin, who is paying her sister, Mrs. M. E Welch a visit.

We are of course going to Van Alstyne on the 4th, and camp with white's Grove on the 21st, so long as it may last and then may go to Sulphur Springs.

Our constable Jimmie H., is a law executer, he brought in two thieves this week.

Our sub Alliance is growing in numbers and also in knowledge. we swallow Harry's speech and call it good medicine.

At our regular meeting first in June, we elected our officers as follows: G. w.———pres. H. H. Hoskins, vice-president; L. D. Smith, sec'ty.; James Rollins, treasury, G. M. Boyer, chaplain; S. L. Perry, lec't.; Y. w. Howell, assistant lec't.; Jno. Rollins door keeper; C. D. Lindsay, assistant door keeper; James Adams sergant at arms, we also initiated ten same day paid in our share to the exchange and will be liberal to the campmeeting.

Our crops promise good and with the subtreasury plan I think we will be all "setting" fully able to pay our merchants and see them feel good.

If we could get our saloon keeper to think it was wrong to sell spirits on Sunday our Sabbath school might not thus have died.

Hurrah! for the Alliance. Come right in old democrats and get back on our Jeffersonian plat form and lets all be a unit. Fraternally,

NEVADA, TEX., JUNE 16, '91.

To the Alliance fraternity of Collin county. Brothers the time is now drawing nigh for our great coming encampment. You should be mindful of the fact and send the money that your people donate just as soon as convenient to Bro. O. D. The Secret of Success

Smith Bros. our well known druggists, believe that the secret of success is perseverence. Therefo re they persist in keeping the finest line of perfumeries, toilet articles, cosmetics drugs and chemicals on the market. They especially invite all persons who have palpitation, short breath, weak or hungry spells, pain in side or shoulder, oppression, night mare, dry cough, smothering, dropsy or heart disease to try Dr. Miles' unequaled New Heart Cure before it is too late. It has the largest sale of any similar remedy. Fine book of testimonials free. Dr. Miles' Restorative Nervine is unsurpassed for sleeplessness, headache, fits, etc., and it contains no opiates.

Willow Springs Alliance will have a public installation of officers and speaking at 2 o'clock p. m., July 4th. Neighboring Alliances are cordially invited to be present. Everybody are also invited.

R. S. SNEED, Sec'ry.

Takes 1,000 people to buy Dr. Sage's Catarrh Remedy, at 50 cents a bottle to make up $500. One failure to cure would take the profit from 4,000 sales. Its makers profess to cure "cold in the head," and even chronic catarrh, and if they fail they pay $500 for their over confidence.—

Not in newspaper words but in hard cash! Think of what confidence it takes to put that in the papers—and mean it.

Its makers believe in the remedy. Isn't it worth a trial? Isn't any trial preferable to catarrh?

After all, the mild agencies are the best. Perhaps they work more slowly, but they work surely. Dr. Pierce's Pleasant Pellets are an active agency, but quiet and mild. They're sugar-coated, easy to take, never shock nor derange the system and half their power is the mild way in which their work is done. Smallest, cheapest, easiest to take. One a dose. Twenty-five cents a vial. Of all druggists.

On with the campaign of education

Time changes also politicians.

Davis the slayer of B. C. Evans will be hung at Fort Worth on the 10th of August.

There is a political upheaval in Mississippi over the subtreasury question.

McKinley has been nominated by the republicans as candidate for governor of Ohio. Campbell the present governor will likely be renominated by the democrats of that state.

The capitalist with a dignified air advises the farmer to raise something to sell in order to get money. We would advise the money king to pay the farmer sufficient to encourage him to "raise something to sell". There is plenty raised but not enough paid for the production.

No man, not even a "Cross Timbers Democrat," will be allowed to sit on a log or box this summer and whittle and talk politics, unless he has read up on the pending political issues. Even the bootblacks hallo "chestnuts" at a man who cusses both, and yet offers no substitute for the sub-treasury or the Gibbs bill. No man is entitled to a hearing who don't in joint debate, and in the beginning of his speech, present eqally as specific a measure. If a man is snare enough to know that the sub-treasury won't do he ought to be snare enough to propose a measure that will be an improvement. The campaign of education will shut out negative statesmen.—Fort Worth Gazette.

Rev. Purtle will preach the funeral of Mrs, H. L. Sides, deceased on Sunday, July 5, at New Methodist chuurch near the home of Mr. H. L. Sides, about 11 miles east of McKinney, A large attendence is expected as the last one had a great many friends.

From J. W. Bailey.

J. Y. Brooks, Esq, Nevada, Texas, My dear sir.—Your postal card dated at McKinney is to hand. It is true that my physicians have advised me against public speaking this summer, but I have determined to disregard their advice, at least to the extent of fulfilling my appointment for the joint discussion with Dr. McCune at your encampment on July 24th.

Yours very truly,
J. W. BAILEY,
Gainesville, Tex., June 22, '91.

George L. Clark.

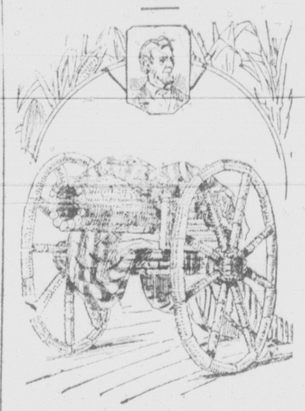
At Wylie.

Bro. Clark met a large and enthusiastic audience here on the 10th inst. In a careful, well-defined manner he developed the sub-treasury plan as held by Alliance men. Many who hitherto had doubts about its feasibility and constitutionality have become its strongest supporters. Bro Clark handled his subject well.

The Time Draws Near.

THE BOYS ARE HUSTLING.

The News Spreading Far and Wide.



A few months ago when the subject of the Alliance campmeeting was first sprung it was only intended as a big county love feast.

Today from the reports received it promises to be a state affair. From every part of the campass comes cheering reports of the numbers to be present.

The committee on selection of grounds met last Monday and selected Willis Dowell's pasture 2 miles S. W., of McKinney, on the Lebanon road. There is 200 hundred acres in the pasture and a beautiful grove, which will furnish plenty of room and shade. There is an abundance of water. Mr. Dowell kindly gave full privilege, including plenty of wood for campers.

O. D. Winn on committee of arrangements informs us that the ice will cost $10 or $12 per day. Lumber for seats $140. Barrels for water $12 or $15. Considerable will be required to pay for teams to haul ice, water and etc. Some expense can be saved if those who meet the committee to prepare the grounds on Monday, July 6th, will bring barrels and leave them until the meeting is over.

Bread can be purchased at 4 cents per pound. Our brethren can see that when they consider the cost of speakers in connection with the above the amount will be no little item and it will require energy and liberality to meet it. Let everybody work like beavers for final success, which at present is so promising.

Notice.

The following named Alliances are urgently requested to meet the committee of arrangement on Monday the 6th of July at Willis Dowell's pasture 2 miles Southwest, of McKinney on Lebauon road:

Walnut Grove, White's Grove, Bloomsdale, New Hope, McKinney, Bishop, Rowlett, Willow Springs, and Wetsel, also everybody in the community are solicited to come and aid in preparing the grounds. Bring axes and brush scythes.

J. G, Williams,
Chairman com.

Notice to the Alliance.

All those donating stock will please deliver to Wm. Allen butcher on Monday 20th or Tuesday 21st of July, who will receive it and place in his pasture just one mile south of the square of McKinney, on the Dallas road. Mr. Allen will do the butchering for the campmeeting. Brethren be liberal and bring plenty. Thousands will be there to consume it.

Respt'ly,
J. G. Williams,
Chairman com. arrangements.

Resolved, that Walnut Grove Alliance No. 431 favors the committee on program for the encampment, to extend a general invitation to the citizens of McKinney to join in the march from McKinney to the encampment.

Resolved, that these resolution be sent to the McKinney DEMOCRAT for publication.

Any meats cooked on the ground should be taken on foot. Sub Alliances that have ordered banners through me will be expected to make and furnish their own flag poles. Poles should not be shorter than eleven feet in length.

J. Y. BROOKS, Sec'ty.

The Upworth League.

Last Sunday night at usual hour of service, the Methodist Epworth League was addressed by Capt. F. H. Welch. The address was unique and interesting, and characteristic of the man.

He gave a bird's eye view of the rise and progress of Methodism from the birth of its grand-mother 'till the election of Bishop Fitzgerald in 1890.

He said Methodism is "Christianity in earnest" and "Relinion on fire," and had come to stay. Already it had sung religion all around the globe and was still singing. That there is not a single Methodist church in the United States without a pastor and no pastor without a church. He regretted that the singing is not now what it was.

The preacher used to line the hymn and all joined in it and sang lustily. The hymn selected was not a light, and trashy Sunday school ditty, but one from the pen of Jno. or Chas. Wesley, full of harmony and reeking with melody and pathos. Singing was then effective People got religion during the song and got it right. Not so now. He would give a peck of apples to any convert made during the organ performance as we now generally have it, He had often heard the pastor or pain ear and agony of heart call out, "Last stanza." The addres was well received and did good.

Hon. W V. Lucas, Ex State Auditor of Iowa, says: "I have used Chamberlain's Cough Remedy in my family and have no hesitation in saying it is an excellent remedy. I believe all that is claimed for it. Persons afflicted by a cough or cold will find it a friend." There is no danger from whooping cough when this remedy is freely given. 50 cent bottles for sale by Bristol Bros.

Labor Demands.

Editor Democrat.

As there are a great many, who are opposed to the Knights of Labor, I thought that I would give them the preamable of the K. of L., and let them see the objectionable parts of their declaration of purposes if there is any.

"The alarming development and aggressiveness of great capitalists and corporations, unless checked, will inevitably lead to the panperization and hopelesss degradation of the toiling masses.

"It is imperative, if we desire to enjoy the full blessings of life, that a check be placed upon unjust accummulation, and the power for evil of aggregated wealth.

"This much desired object can be accomplished only by the united efforts of those who obey the divine injunction, in the sweat of thy face shalt thou eat bread. Therefore, we have formed the order of the Knights of Labor, for the purpose of organizing and directing the power of the industrial masses, not as a political party, for it is more in it are crystalized sentiments and measures for the benefit for the whole people; but it should be borne in mind, when exercising the right of suffrage, that most of the objects here in set forth that can only be obtained through legislation, and that it is the duty of all to assist in nominating and supporting with their votes only such candidates as will pledge their support to those measures, regardless of party, but no one shall, however, be compelled to vote with the majority. Calling upon all who believe in securing "the greatest good to the greatest number", to join and assist us, we declare to the world that our aims are:

1. To make industrial and moral worth, not wealth, the true standard of individual and national greatness.

2. To secure to the workers the full enjoyment of the wealth they create; sufficient leisure, in which to develop their intellectual, moral and social faculties; all of the benefits, recreation and pleasures of associations, in a word, to enable them to share in the gains and honors of advancing civilization.

In order to secure these results, we demand at the hands of the states.

3. The establishment of Bureaus of Labor statistics, that we may arrive at a correct knowledge of the educational, moral and financial condition of the laboring masses.

4. That the public land, the heritage of the people, be reserved for actual settlers—not another acre for railroads or speculators; and that all lands now held for speculative purposes to be taxed to their full value.

5. The abrogation of all laws that do not bear equally upon capital and labor, and the removal of unjust technicalities, delays and discriminations in the administration of justice.

6. The adoption of measures providing for the health and safety of those engaged in mining, manufacturing and building industries, and for indemninfication to those engaged therein for injuries received through lack of necessary safeguards.

7. The recognition, by incorporation of trades, unions, orders, and such other association as may be organized by the working masses to improve their condition and protect their rights.

8. The enactment of laws to compel corporations to pay their employees weekly, in lawful money, for the labors of the preceeding week, and giving the mechanics and laborers a first lien upon the product of their labor to the extent of their full wages.

9. The abolition of the contract system on national, state and municipal works.

10. The enactment of laws providing for arbitration between employers and employed, and to enforce the division of the arbitrators.

11. The prohibition by law of the employment of children under fifteen years of age in workshops, mines and factories.

12. To prohibit the hiring out of convict labor.

13. That a graduated income tax be levied, and we demand at the hand of congress.

14. The establishment of a national monetary system, in which a circulating medium in necessary quantity shall issue direct to the people, without the intervention of banks; that all the national issue shall be full legal tender in payments of all debts, public and private; and that the government shall not guarantee or recognize any private banks, or create any banking corporation.

15. That interest bearing bonds, bills of credit or notes shall never be issued by the government, but that, when need arises, the emergency shall be met by issue of legal tender, non-interest bearing money.

16. That the importation of foreign labor under contract be prohibited.

17. That in connection with the post office, the government shall organize financial exchanges, safe deposits and facilties for deposits of the sayings of the people in small sums.

18. That the government shall obtain possession by purchase, under the right of eminent domain, of all telegraphs, telephones and railroads, and that hereafter, no charter or license be issued to any corporation for construction or operation of any means of transporting intelligence, passengers or freight.

While making the foregoing demands upon the state and national government, we will endeavor to associate our own labor.

19. To establish corporative institutions, such as will tend to supersede the wage system, by the introduction of a co-operative industrial system.

20. To secure for both sexes equal pay for equal work.

21. To shorten the hours of labor by a general refusal to work for more than eight hours.

22. To persuade employers to agree to arbitrate all differences which may arise between them and their employes, in order that the bonds of sympathy between them may be strengthened and that strikes may be rendered unnecessary."

W. T. HALE.

A NEWSY LETTER.

A Sad Death—The Camp-meeting.

Editor Democrat:

As we rarely eyer see anything in the columns of your excellent paper from this vicinity, and to comply with an often made promise, I come, not as a herald of a busy world with news from all sections, to instruct your many readers, but to give you a recital of local happenings here about.

The prospect for fine crops has not been better for years than at present, and while the people generally are well up with their work, and are rejoicing over the splendid rainfall last night, items of news are like "angel visits" few and far between.

Sunday school at this place is in a flourishing condition.

The literary is a thing of the past, but the young people of the community have an animated "spelling bee" every Saturday night at the school house, which tends to break the dull monotony of every day life.

Mrs. Smith, nee Miss Tollie Wilson, who has been visiting friends and relatives in the community for the past few days has returned home in McKinney,

Misses Blanche Obenshain and Rosa Long are visiting the family of our former postmaster J. C. Payne.

John and Miss Bessie Mallow, of New Hope, attended Sunday school at Viney yesterday.

The Rev. Mr. weaver, of McKinney, preached an able and instructive sermon to a large congregation at this place on the 2nd Saturday night, and left with the promise of visiting us again in the near future.

The windows of the school house are in a dilapidated condition, a monument to the fact that the window smasher is abroad in the land, and has left an evidence of his handiwork here. This is not the first time that thing has happened, and it is hoped that the culprits will be caught and the punishment they so richly deserve be meted out to them.

DIED.—At the residence of her son, about 6 miles East of McKinney, after a brief illness, Mrs. C E. Cockrell, in the 61st year of her age. Her death was sudden but not totally unexperted. The serious nature of her illness too sadly admonished those who waited round her sick bed that dissolution was at hand. At 10 minutes after 11 o'clock Saturday night, June 21st, her spirit fled from the sorrows of earth to the joys of heaven, to encamp in fields of glory with the spirit of her soldier husband, whose life went out in the shock of battle at Franklin, Tenn., during the late civil war. Sunday eve, in the presence of a large and sympathetic crowd, her remains were quietly laid to rest in the "silent city of the dead," at Stiff's Chapel, there to rest until on the last great day, when we shall be summoned before the bar of the "Judge of the universe," to render an account of our works. The sympathies of the neighbors run out to the relatives in the dark hour of their grief.

At the trustee election at this place, Messrs. W. A. Straughan, will Bomar and Robert Reed drew the prize; hence, they will look after the interest of the "small boy" during the ensuing year.

It is learned that the Sunday school at the Chapel will give a picnic the third Saturday in July.

There is considerable interest manifested by the farmers here in the coming Alliance campmeeting. Judging from the many expressions we hear this section will be well represented upon that occasion.

Mr. Editor, you will readily see I am a novice in the reportorial line. This is my first, and no doubt, you will wish it my last. with an earnest wish for the success of your paper I am, Yours sincerely,

CAESAR.

Sad News.

Editor Democrat.

A sad death hear this morning. Little Howard Handly, grand son of our Dr. Howard. Little Howard has been on a visit to his grand father and grand-mother, Dr. Howard and wife of this place, and was taken sick last Thursday with something like a conjested type of remitting fever and lived only a few days. Little Howard was a bright little five year old boy and was the ideal of Dr. Howard and wife. E. R. Handly and wife, the parents as well as Dr. Howard and wife have the sympathy of our people in giving up their brightest jewel.

A good rain last night insures a good corn crop for this section. Cotton doing well. Oats about all harvested and farmers about up with their work.

The citizens of Copeville and vicinity are contemptlating a big picnic. The net proceeds of all refreshment stand to be appropriated to the school building to be erected at this place in the near future. One notice will be given all newspapers in the county in time for publication of program for the occasion. A large crowd and a good time is anticipated.

Wayne Wyrick and wife, of Whitesboro, has been visiting relatives and friends here for the past ten days, leaves for their home today.

Johnathan Cook and wife, of Lucas, were visiting the family of J. P. Winder this week.

Nervous Prostration.

The symptoms begin in spring and early summer. They resemble the symptoms of malaria very closely. It is a prolific source of paralysis, sunstroke, applexy, insanity, hysteria and insomnia. The strong and weak of both sexes are alike its victims. Creeping rigors, slight, chilly feelings and cold sweat, especially at night, tired feelings, drowsiness, mental confusion, despondency, morbid fear, pale abundant urine, weak back and palpitation. No one who has any or all of the above symtoms should neglect to get Peruna and use it faithfully until they entirely disappear. It is a perfect remedy for this condition. As the hot weather, with all of its depressing effects approaches, Pe-ru-na invigorates and tones up the nervous system, averting nervous prostration in all of its various forms; and, taken in the most advanced stages of the disease, will permanently cure every uncomplicated case. It is foolish and dangerous to be without this never failing remedy at a time when every one is exposed to such serious liabilities. A valuable book on nervous prostration and diseases of hot weather sent free to any address by The Peruna Medicine Company, Columbus, Ohio.

Our town is fully alive. Some of our merchants are turning Alliance. I see them out with the reaper and separator working like nice boys.

Our town was made glad a few days ago by the arrival of Miss Nellie Griffin, who is paying her sister, Mrs. M. E Welch a visit.

We are of course going to Van Alstyne on the 4th, and camp with white's Grove on the 21st, so long as it may last and then may go to Sulphur Springs.

Our constable Jimmie H., is a law executor, he brought in two thieves this week.

Our sub Alliance is growing in numbers and also in knowledge. we swallow Harry's speech and call it good medicine.

At our regular meeting first in June, we elected our officers as follows: G. w. ——pres. H. H. Hoskins, vice-president; L. D. Smith, sec'ty.; James Rollins, treasury, G. M. Boyer, chaplain; S. L. Perry, lec't.; Y. w. Howell, assistant lec't.; Jno. Rollins door keeper; C. D. Lindsay, assistant door keeper; James Adams sergant at arms, we also initiated ten same day paid in our share to the exchange and will be liberal to the campmeeting.

Our crops promise good and with the subtreasury plan I think we will be all "setting" fully able to pay our merchants and see them feel good.

If we could get our saloon keeper to think it was wrong to sell spirits on Sunday our Sabbath school might not thus have died.

Hurrah! for the Alliance. Come right in old democrats and get back on our Jeffersonian plat form and lets all be a unit. Fraternally,

The Secret of Success

Smith Bros. our well known druggists, believe that the secret of success is perseverence. Therefo re they persist in keeping the finest line of perfumeries, toilet articles, cosmetics drugs and chemicals on the market. They especially invite all persons who have palpitation, short breath, weak or hungry spells, pain in side or shoulder, oppression, night mare, dry cough, smothering, dropsy or heart disease to try Dr. Miles' unequaled New Heart Cure before it is too late. It has the largest sale of any similar remedy. Fine book of testimonials free. Dr. Miles' Restorative Nervine is unsurpassed for sleeplessness, headache, fits, etc., and it contains no opiates.

Willow Springs Alliance will have a public installation of officers and speaking at 2 o'clock p. m., July 4th. Neighboring Alliances are cordially invited to be present. Everybody are also invited.

R. S. SNEED, Sec'ry.

Takes 1,000 people to buy Dr. Sage's Catarrh Remedy, at 50 cents a bottle to make up $500. One failure to cure would take the profit from 4,000 sales. Its makers profess to cure "cold in the head," and even chronic catarrh, and if they fail they pay $500 for their over confidence.—

Not in newspaper words but in hard cash! Think of what confidence it takes to put that in the papers—and mean it.

Its makers believe in the remedy. Isn't it worth a trial? Isn't any trial preferable to catarrh?

After all, the mild agencies are the best. Perhaps they work more slowly, but they work surely. Dr. Pierce's Pleasant Pellets are an active agency, but quiet and mild. They're sugar coated, easy to take, never shock nor derange the system and half their power is the mild way in which their work is done. Smallest, cheapest, easiest to take. One a dose. Twenty-five cents a vial. Of all druggists.

Pleasure Party.

Last Saturday some of the young people of Rhea's Mill spent a pleasant day fishing on Doe Branch in Denton county.

The party was composed of the following named ladies and gentlemen: Misses Jean Rhea, Florence Throckmorton, Birdie Davis, Clara Stone, Ella Lewis, Laura Lewis, Cattie Smith and Carrie Brockman. Messrs. Johnie Davis, Alex Rhea, Bob Duncan, Steve Lathum, Ike Duncan, Tom Brockman and Exie Brockman. An excellent dinner was served by the fair ones. The "sash" was absent. Very few fish were caught, but the enjoyment fully renumerated for the trouble.

The following item, clipped from the Ft. Merit Wins.

We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for Consumption, Dr King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. Centerville Alliance Speaks Out in Defense of Leon County Alliance.

The following resolutions were passed by Centerville Alliance at a meeting held on June 6th, 1891, and are here published by request of said body:

Whereas, The Houston Post and other papers in the state have recently published a series of resolutions passed by "Cedar Creek" Alliance, but purporting to have been passed by Leon county Alliance, and,

Whereas, said resolutions are, in every material point opposed to a series of resolutions adopted at the last meeting of the Leon county Alliance; and,

Whereas, the publication of said resolutions under the heading, and in the manner in which they appeared, seriously misrepresents the order in our county; and,

Whereas, it will be some time before there is a meeting of Leon county Alliance, and it being important that a correction of this matter be made at once, therefore,

Be it resolved, by Centerville Alliance No, 4608, that we ask the Post and all other papers that have published the Cedar Creek resolutions, and our county papers and The Southern Mercury to publish the following facts by way of correction:

First—That on several occasions a vote has been taken by Leon county Alliance on the sub-treasury scheme, and each time the vote was unanimous in its favor.

Second—That at the January meeting, 1891 of said Leon county Alliance a series of resolutions approving the Ocala demands were introduced, but laid over for action at the April meeting thereof; and during the interim the demands were to be discussed by the sub-Alliances, and their delegates to the April meeting, to be sent instructed as to this question, and at said April meeting these resolution were accordingly called up, discussed and adopted by a unanimous vote of the body.

Third—That at said April meeting of the county Alliance of Leon county (it being the last meeting of that body) resolutions were passed denouncing in severe terms the "Austin Manifesto" and the signers thereof, approving the course state (Alliance) officers, legislative committee and managers of the Exchange and Commercial Agency, and in every particular contrary to the "Cedar Creek" resolutions.

Fourth—That if there exists in Leon county such a body as "Cedar Creek" Alliance, it has never been connected with Leon county Alliance in the manner provided by the constitution of the state Alliance, and said county Alliance knows nothing officially of its existence as an Alliance, and hence it exists (if at all) as a clandestine Alliance and does not legitimately form any part of the organization in our county.

J. W. POWELL,
Sec'y Centerville Alliance.

We the undersigned officers of Leon county Alliance certify that we know the above statements to be correct.

Buckskin Bob.

Decatur, Texas, June 17—For the past week Decatur has been shaken from stem to circumference by the earnest and eloquent efforts of the noted and devout christian gentleman, S. W. Wesley, the cowboy preacher of Texas, known as Buckskin Bob. Mr. Wesley sets forth in his own forcible manner the truths as found in the Bible. Some have criticised his method, but through his instrumentality much good has been done our little town. Even the saloons closed their doors that all may be able to hear and enjoy the word of God.

As a speaker Mr. Wesley is forcible, fearless and eloquent: as a reasoner clear, bold and logical. Services during his stay have been held in the courthouse up to a few days ago, since when services have been held in his mammoth tent.

J. MCMORRIES.

Optimism vs. Pessimism.

Of all ages, this is the best age; of all countries this is the best country; of all places, this is the best place; and of all years, this is the best year. If this be optimism, then let pessimism make the most of it!

But while this is true, it is also true that we haven't yet reached the millennium. Nor is the millennium likely to slide into town on the next train that arrives either from the east or from the west. Our age and country, this place and year, are only relatively the best. As compared with the past, today has infinite reason for self-congratulation. But when we measure what we are by what we ought to be, we may well chant the "Miserere." There is a spirit of divine discontent abroad in religion, in politics, in society, in ethics and in economics; not because we have not improved upon yesterday, but because we have not anticipated to-morrow.

This is the real explanation of the apparently pessimistic tone of modern thought. It is pessimistic in expression only, and optimistic at heart and in purpose. We see vividly the evils that surround us. We feel them strongly. We resent them outspokenly. These are the conditions precendent of their speedy removal. The world-old struggle of right against might, of the many without privileges against the privileged few, is nearing its end. We are going to have a new law and a new order. Society shall be reconstructed on the golden rule. Now we are going through the horrors of another French revolution, as the alarmists prophesy. We have what the eighteenth century lacked—free institutions, popular intelligence and a free church. If pulpit press and pedagogue are equal to their opportunities we shall gain, without further turmoil than that which inevitably waits upon all great readjustments, the liberty, equality and fraternity which mankind sigh for, and these will be peacably domesticated under the dome of the capitol and beneath the roof of the school house, while in the church yonder the Te Deum is sung.

Found Floating in the Trinity.

Rockwall, Texas, June 19.—A man, Tom Davis by name was found floating in the Trinity river below the D. and G. railway bridge Tuesday. Justice Martin held an inquest over the remains on Thursday and rendered a verdict to the effect that he died from drowning, and that he had been partially insane just prior to his death. The man had been working as a section hand at this station, and was about 40 years of age, 5 feet 10 inches high, with dark complexion. There has been some talk of foul play, but it is given little credence.

Lost Colored Boy.

Plano, Tex., June 19.—Turney Sutherland, a colored man living three miles east of Plano, has a negro boy in his possession that has evidently strayed from home. He stated to the News reporter this morning that the boy, who is 10 or 11 years old, was found near his home yesterday evening in almost a starved condition, and he took him in and fed him. During the night the boy left his house but was found next morning after having laid out all night. The little fellow, from his looks and actions, is no doubt recovering from a spell of sickness, having fever blisters on his lips, or his mind is unbalanced, as efforts have been vain to get him to tell his name or where he lives. When found he had on a dark gray pair of pants, white shirt, red felt hat and was barefooted.

Farmers Combining in Kansas.

Topeka, July 18.—The charter of the Broomcorn Growers' association of Kansas was filed yesterday. Its principal place of business will be Sterling. The object is to store at Sterling broomcorn and other farm products. It is understood that this is the first of many companies of this kind to be organized by farmers for the purpose of enabling them to hold their farm products until they can get good prices for them.

War in Cupid's Camp.

Leonard, Tex., June 19.—Quite a romantic effort was made toward a wedding today in the country a few miles. Tom Whiteworth courted and won the love of a Miss Holden. A few weeks ago Tom was ordered off the place by Miss Holden's father. An elopement was planned: two young ladies, friends of his fiance, assisted her in getting away from home to have the ceremony performed. Father Holden quickly got on to the game and gave chase, overtaking his daughter and leading her home much to her disapproval. The young lady is of age and Tom and her friends say they will capture her. A large crowd left town late this afternoon with the avowed purpose of helping the disconsolate Tom out. It is hard to decide how the matter will end, but at about 9.30 to-night parties came in from Mr. Holden's after 'Squire Ring to marry Tom Whiteworth and Miss Holden.

President Polk of the National Alliance has taken the field in person and proposes to visit every state in the union, from Maine to California and the lakes to the gulf. He is just now in Wisconsin, where he and Jerry Simpson addressed the convention of labor organizations on the 9th inst. with the view of uniting them with the Alliance and forming an organization that will be able to sweep the state next year, as they say, in spite of the two old parties.—Greenville Herald.

"RING THE BELL,

Hoist the Curtain and let the Drama Begin."

An editorial in the Iowa Tribune by Gen. Weaver.

POLK, POWDERLY AND POWERS.

The above named gentlemen are now the corps commanders of the allied industrial forces of the United States. The first has command of the Farmers' Alliance and Industrial Union; the second is ranking officer of the K. of L. and the third is at the head of the Farmers' National Alliance.

Never before in the history of this republic, indeed in the history of civilization, has such a force appeared upon the theater of conflict, or been marshalled for the accomplishment of any purpose. These organizations have themselves made known their purpose, issued their own demands and chosen their officers to lead them to battle. The day of compromises is past and nothing but unconditional surrender will be accepted.

The allied forces propose, by constitutional methods, to move upon an enemy whom they know to be entrenched behind class laws, an aristocratic Senate, an imperial federal judiciary, and a debauched public service. They propose to make an effort to rescue this nation from the grasp of the confederated monopolies, and they intend to do it quickly. It is battle for the inalienable rights of man against the heartless exactions of trusts, money sharks and cold, relentless, corporate cruelty. Organized monopoly must now confront organized and deeply injured industry. Monopoly has provoked the conflict and the battle must be fought to a finish. The struggle must go on until, under human laws, the producer, manufacturer and the distributor can live in security and harmony, and each be content with his own. It must go on until the people shall have resumed their rightful and conditional control over all the great instruments of commerce, such as money, transportation and telegraph, and until man, without becoming a criminal and trespasser, can find standing room upon the earth, and be permitted to till the soil in search of his daily bread. Neither truth, justice nor human liberty has anything to fear from the conflict just at hand. "Ring the bell, hoist the curtain and let the drama begin."

There are many jails in Texas in which kangaroo courts are organized for trying and flogging all new arrivals, until they pay a price fixed by their fellow prisoners. If parties engaged in or encouraging such impositions were duly prosecuted there is no reason why they might not be convicted of aggravated assault and battery and even of robbery. Of course the affair is a matter of mere fun to the boys, but it is not funny to the inmate, and is a violation of law that sheriffs and jailors should proceed to suppress.—Dallas News.

There is a good deal being said by new Alliance papers throughout the state about the opponents of the subtreasury failing to control the next state Alliance. Oh my! what gall. Control the state Alliance indeed. We would as soon believe that the Atlantic could be dipped dry with a sieve, as to expect this element to control the next state Alliance.—Southern Mercury.

Boss Poe, a United States prisoner, charged with theft and assault to murder, was discharged from the Sherman Jail today on a $3,000 bond.

Tuesday night, in the Dripping Springs neighborhood, the gin house of Bill Williams was destroyed by wind, also a new dwelling belonging to W. H. C. Greer. Fields of corn were ruined and forest trees cut down like corn stalks before the storm.

Fast Undergoing the Changes
witnessed by the early settlers in
Other Rich Farming Countries.

Lands a few years ago here were worth 25 cents, then 50 cents, a little later $1, next $2, next $3, then $4 and now $5 or $6. Later on, perhaps a year or two hence, these same lands will be worth $15 to $20, and then to $30 and $40 per acre, as such lands not, a bit better, or more productive, are worth in other sections.

We Want Settlers,

good farmers to buy these lands, before they fall into the hands of speculators, to whom they would have to pay advanced prices.

FARMERS, you are specially invited to come and investigate the productiveness of the lands and the possibilities of the Abilene country. We want you to be benefitted by buying cheap, and we want our country to be profited by your citizenship. In other words, we want producers to get the bargains in the
